CSE40746 - Advanced Database Projects

### Project Plan

Milestones:

- 3/24 database filled in with game mechanics
- 3/31 have skeleton site working with connection to database
- 4/7 have a simple text based site up and running with simple AI
- 4/14 multiplayer and finalized schema (images/features/whatever)
- 4/21 have an advanced site set up (not full featured quite yet) including multiplayer
- 4/28 have almost finalized site with most features
- 5/3 full implementation
